Children will learn fascinating facts about this caterpillar as the story unfolds. They will also discover the amazing transformation of one caterpillar into a butterfly. Cutter is a caterpillar that eats, grows and sheds his outer skin a number of times. Although he lives a simple life on milkweed leaves, it often is filled with danger. A few weeks later he feels different, and he senses that he needs a very long rest. This time, as he hangs upside-down on the stalk of a milkweed leaf, great changes occur to his body. Cutter transforms into Flutter, a beautiful Monarch butterfly. He wastes no time in exploring a vast new world that he never knew existed. This book will let kids see how wondrous the natural world can be. It will also encourage them to follow Flutter s example and discover what is beyond the world they are familiar with.
