Brand New Book ***** Print on Demand *****.Africa s New Public Policy: Imperatives for Globalisation and Nation-building provides a comprehensive analysis of globalisation and democracy, from an African perspective. It also provides policy imperatives that are aimed at seeking solutions to the myriad challenges emanating from managing the consequences of globalisation in Nigeria and other African countries. The author attempts to determine the extent to which public administration principles - in Nigeria in particular, and the rest of Africa in general, as well as in other parts of the developing world - underpin the management of the effects of globalisation within a democracy and nation building projects. Africa s New Public Policy will not only be a useful resource for public policy decision-making on globalisation issues, but it will also serve as a credible reference material for public sector practitioners, scholars in international relations, as well as officials involved in the diplomatic work environment. It also includes a comparative analysis on how Nigeria and South Africa have handled some of the globalisation and democratisation challenges facing their respective countries under the administrations of Presidents Obasanjo and Mbeki respectively.
