

# Victorian Housebuilding

By Kit Wedd

Shire Publications Ltd. Paperback. Book Condition: new. BRAND NEW, Victorian Housebuilding, Kit Wedd, The Victorian suburbs, now such a familiar element of the British townscape, were once building sites where armies of workmen converged to cover open land with streets of modest, comfortable houses. Despite their large scale and uniform appearance, most developments were built a few houses at a time by small firms operating on the narrowest of profit margins. Everyone on the building site had his place in the hierarchy of trades and the sequence of work, and each craftsman guarded his own tools and trade secrets, the fruits of his years in work that was dirty, strenuous and sometimes downright dangerous. In this lively investigation of the nineteenth-century building industry, Kit Wedd celebrates the work of the men who, plot by plot, translated surveyors' drawings and piles of materials into streets of dwellings that are as desirable today as when they first appeared.

## Reviews

*This book is definitely not straightforward to get started on studying but extremely exciting to read. It is really simplistic but shocks in the 50 percent of the ebook. Once you begin to read the book, it is extremely difficult to leave it before concluding.*

-- **Ally Reichel**

*This publication is amazing. It is definitely basic but shocks in the fifty percent of your publication. You wont feel monotony at anytime of your own time (that's what catalogues are for concerning if you question me).*
