Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Tales From Tennyson The Tales in this volume are an attempt to put within the reach of younger readers the substance of the cycle of Arthurian romance which is contained in Tennyson s Idylls of the King, preserving as far as possible both the letter and the spirit of the late Laureate s work, with some faint Homeric echoes of the ancient chronicles that form the basis of each story. It is hoped that these Tales may effect two objects dear to the writer s heart - one, that they may induce the few who look at them to read the Idylls of the King for themselves, if they have not already done so, and to re-read them if they have; the other, that they may awaken some further interest in the legendary history of that mysterious King whose name, as we tramp or cycle through the British Isles in our holiday rambles, starts up before us from hill and crag, cairn and cromlech, and grassy mound, and has become a household word to most of us from the fairy-tales of the nursery. Who was King Arthur? Was there ever a King Arthur at all? If so, when did he live, and what was he like? About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books.
