

Beyond the Pleasure Principle

Filesize: 2.33 MB

Reviews

A whole new eBook with a brand new point of view. It is definitely simplistic but shocks in the 50 percent of the publication. I am just pleased to explain how this is the greatest ebook i have read during my very own daily life and could be he best ebook for possibly.

Dover Publications Inc., United States, 2015. Paperback. Book Condition: New. 201 x 127 mm. Language: English . Brand New Book. This controversial 1920 publication marks a turning point in the celebrated philosopher s theoretical approach. Previously, Freud considered most behavior attributable to sexual impulses. In this volume, he expands his theory beyond these creative impulses to discuss the impact on human psychology of the death drive, or Thanatos, which he defines as an urge inherent in all organic life to restore an earlier state of things. Beyond the Pleasure Principle is among Freud s most intensely debated works, and the important questions that it raises continue to be widely debated a century later. Rejected by some as a pseudo-biological speculation, the concept of Thanatos was embraced by others and formed a path to subsequent theories concerning the mind s attacks on itself, negative narcissism, and addiction to near-death experiences. The concept also helped link Western psychoanalysis with Eastern perspectives on life and death, making this book essential reading for students of psychology, history, and literature.
