Reviews

This ebook is very gripping and fascinating. Sure, it is engage in, nevertheless an amazing and interesting literature. It is extremely difficult to leave it before concluding, once you begin to read the book.

(Ms. Ora Buckridge)

PALOMA THE POSSIBLE

Gaily Told Tales, United States, 2014. Paperback. Book Condition: New. Mellabella Storytella (illustrator). 279 x 213 mm. Language: English . Brand New Book ***** Print on Demand *****. Paloma the Possible tells of one girl's adventures as she flies through her imagination, apart from her adoptive family, to discover her possible birth families (pirates?, princes?, superheroes?). Created, written and hand-collaged by an adoptive parent and child over the course of several years, Paloma shows readers how to talk with freedom and fluidity about hard issues - identity, loss, race - that are essential to address but often difficult to approach. The book is a treasure for all children and families, but especially for the adoption community, says April Dinwoodie, Chief Executive of the Donaldson Adoption Institute. It masterfully and simply brings to life the beauty and complexity of our shared adoption experience. The response from children, families, educators and clinicians has been overwhelmingly positive - although, as Paloma discovers, being 100 positive! is never the most important thing. Instead, her journeys show her that it is even more important to search the skies for the horizons of what is possible, and to try out all of the hazy and amazing places where we might possibly belong. INCLUDES GLOSSARY OF ADOPTION-RELATED TERMS GLOSSARY OF SPANISH WORDS IN TEXT.
